

SWIFTPET PRO pipette controller

Pipetting using glass and plastic volumetric pipettes has never been so easy as with SWIFTPET PRO pipette controller. Ergonomically shaped handle, together with well-located, smooth pushbuttons and switches guarantee effortless pipetting even during extensive use. Convenient charging stand helps to store the pipette controller while not in use. Easily accessible switches on the SWIFTPET PRO allow choosing different operation modes depending on the volume of pipette and viscosity of liquid. The SWIFTPET PRO is an excellent tool for pipetting in tissue culture laboratories, water treatment facilities, academic labs, and more.
