**Quotation for public tender procedure no ocds-b3wdp1-MD-1702993462017 for
“Crotalii pentru animale / anul 2024 REPETAT”**

Dear Sirs,

thank you very much for inviting CAISLEY International GmbH to participate in the above mentioned tender procedure. We hereby confirm that we offer the requested and specified goods to the full extent and according to the requirements of the contracting authority.

CAISLEY International GmbH is active in the field of livestock identification systems and products for more than 30 years and our products for cattle, pig, sheep and goat registration are approved in many countries worldwide and we supply them into more than 70 countries on a regular base. Since a couple of years CAISLEYs FlexoPlus and MultiFlex eartags are approved and used for National livestock identification purposes in the Republic of Moldova.

We would be glad to be chosen as your supplier for the current procurement of identification means and already ensure that we would fulfil the contract at our best performance and according to all specifications.

Please find in the following our quotation for the requested goods. For uploading, we have combined all external certificates and confirmations into a separate file ("external certificates and confirmation").

Our offer contains:

0. Accompanying letter (this letter) including additional information

1. DUAE form

In addition to the DUAE declaration, we have attached external certificates and proofs in a separate document file.

2. Application for participation (bid form annex No.7)

3. Technical proposal (bid form annex No.22)

Please see also appendix A and B to annex No.22 of the bidding documents with further information to technical specifications of annex 1 and annex 2.

4. Commercial proposal (bid form annex No.23)

Please be informed that the all prices are given DAP (Incoterms 2010), as neither CAISLEY International GmbH nor our transporting partners are able to arrange customs clearance. The customs clearance has to be processed by a company with legal seat in the Republic of Moldova. We ask for acceptance by the contracting authority.

5. Declaration of quality, conformity, traceability and origin of the goods

Please find declaration documents Supplier Factory Inspection Report, Material Inspection and Clearance Certificate as well as ICAR Certificates of FlexoPlus eartags and AEG injectable transponder in separate document file ("declaration of conformity").

6. Bid guarantee – proof of payment

7. Declaration on the validity of the offer (bid form annex No.8)

A. Technical specification – annex 1

Technical description of the offered blank ear tags for cattle and pigs.

B. Technical specification – annex 2

Technical description of the offered printed ear tags for sheep and goats.

C. Compatibility of Universal Applicator

D. External certificates and confirmation

ICAR certificates of FlexoPlus ear tags are submitted in a separate file ("external certificates and confirmation").

During the last three years, the turnover of CAISLEY International GmbH, completely generated by production and distribution of livestock identification systems has been as follows:

2019/2020	2020/2021	2021/2022
10,999 million EUR	10,310 million EUR	11,489 million EUR

The fiscal year of CAISLEY International starts on October 1st and ends on September 30th of the following calendar year. Please see confirmation of certified public accountant bswp in separate document file ("external certificates and confirmation").

CAISLEY International GmbH has established a quality management system according to the requirements of ISO 9001:2015.

Please find the current ISO 9001 certificate, issued by TÜV Rheinland on 08.07.2022, valid until 14.06.2025 in the separate document file ("external certificates and confirmation").

In addition to the technical equipment for injection moulding and laser marking, CAISLEY has its own laboratory equipment to monitor the quality requirements in ongoing production. Established testing mechanisms include not only the quality of the products but also the control of the technical equipment, developments and the qualification of the employees.

The environmental management and audit scheme is set-up according to the specifications of the ÖkoProfit standard. Please find attached the ÖkoProfit certificate of CAISLEY International GmbH. Please see certificate in separate document file ("external certificates and confirmation").

CAISEY International GmbH has further established trainings and continuing education of employees in all areas of operation. The training program is set-up on an annual basis. Our employees hold diplomas in management, leadership, mechanical engineering, electronic engineering, optics, robotics, fire protection and fire safety, financial accounting and further skills. CAISLEY's team comprises the following number of executive employees:

2020: 7

2021: 8

2022: 8

Our company is associate member of ICAR, the International Committee for Animal Recording. Over the last 15 years, ICAR has set up standards and normative rules for the test and approval of plastic eartags as well as electronic eartags with implemented transponders (RFID). CAISLEY's cattle eartags FlexoPlus are approved according to those standards. Please find attached the corresponding ICAR certificate in separate document file ("external certificates and confirmation").

The offered MultiFlex L/L eartags for sheep and goats as well as the MultiFlex P/P eartags for pig identification are also approved for national identification schemes. Please find attached two certificates of Sächsischer Landeskontrollverband e.V. that confirm the characteristics of such tags as well as the already mentioned FlexoPlus eartags. Please see certificate in separate document file ("external certificates and confirmation").
