Molda auditing is the first audit company in the Republic of Moldova, registered in 1991. We have taken an active part in the development of the business environment and the legal framework of various fields in the Republic of Moldova since its independence. Our managing partner has personally advised the government on laws regarding auditing and has actively lobbied for an environment in which professionalism, ethics and independence would thrive. Today we continue to improve the regulatory environment.

Our team has accumulated a vast experience during our 32 years of service. All our colleagues have developed as professionals during their time at Molda auditing.

ABOUT

Continuous education and qualification are also a focus point, our colleagues undertake yearly mandatory two-week course at our local auditor's association (ACAP) as well as enroll and successfully obtain various certifications such as: ACCA, DipIFR, CAMS, CAFI, CPA. Moldauditing currently has the largest number of staff CPA qualified out of all the firms on the local market.

SERVICES

➤ Audit

We pride ourselves for auditing every single large state-owned enterprise ranging from energy, telecommunications, postal service to manufacturing and agriculture for the last 32 years.

The private sector is our largest share of sales, we establish good relationships with our clients by providing competitive prices and timely delivery of services. Main industries for the last five years have been retail, energy, manufacturing, agriculture, services, insurance and banking. For the last 3 years we had audited just below half of the insurance market in the Rep. of Moldova.

Non-profit organizations are a growing part of our sales, we have a very good standing with multiple foreign donors who trust our work. Some examples of notorious organizations with which we have worked with are Swiss Red Cross, UNICEF, Terre des Hommes, Keystone, SKAT etc.

SERVICES

➤ Tax consultancy

We have been offering tax consultancy services to clients in various industries including telecommunications, manufacturing, retail, commercial property management, services, agriculture etc. We provide guidance on starting new businesses in Moldova from a tax perspective. Our expertise goes beyond the normal range of services such as VAT and income tax verification and advising, we are currently offering services in transfer pricing via a partnership with a leading Romanian tax advisor.

➤ Advisory

Our advisory range of services is very varied and custom tailored to each clients needs. We currently have accumulated experience in forensics accounting, due diligence, advising on starting new businesses in Moldova etc.
