

Product Description

Company Info.

Basic Info.

Transport Package	Carton
Trademark	PACKTOP
HS Code	3923290000

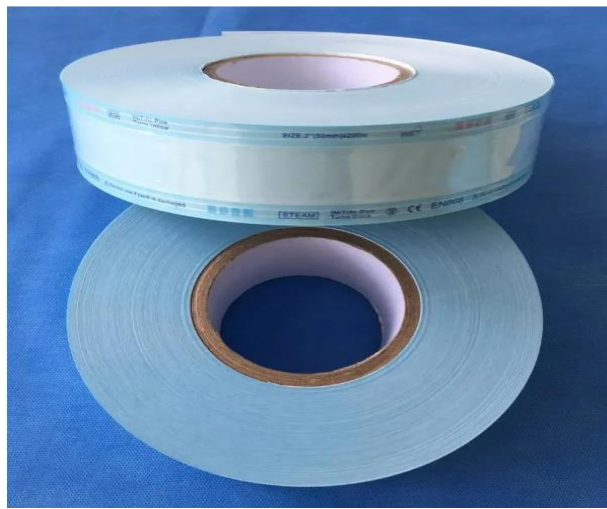

Specification	100mmx100m
Origin	Cn
Production Capacity	1000 Rolls/Day

Product Description

- Superior barrier with 60gsm or 70gsm medical grade paper conforming EN 868
- Transparent, reinforced multilayer co-polymer PET/PP film
- ISO 11140-1 certified water based, non-toxic and accurate process indicator
- Three independent seal lines
- Excellent gas permeability and microbial barrier properties
- Can be easily sealed with all sealing machines
- Manufactured under validated production process.

All process indicators are water based and non-toxic inks and meet or exceed the requirements of ISO 11140-1 standard and provide accurate and clear color change after sterilization process.

Wide range of standard sizes allows optimum choice of a correct-sized pack for each item and for double packing purposes and as a requirement of EN ISO 11607 all equipments, machines and processes used for PACKTOP sterilization reel manufacturing, process validation has been conducted.

PACKTOP Flat sterilization reels manufactured under ISO 13485 quality assurance standard. Conform to ISO11607 EN868,ISO11140-1,CE international standards

1. Easy to seal and don't need sealing machine Non-Toxic lead-free chemical indicators for STEAM, EO and Formaldehyde.
2. 60GSM, 70GSM medical grade microbial barrier paper.
3. CPP/PET laminated plastic film (blue, green) Clean and fiber free peeling
4. 180 days shelf-life after sterilization.
