## Letter of Recommendation

This letter is intended to recommend „BTS Pro” SRL as a reliable business partner with whom „Sudzucker-Moldova” SRL has already implemented a series of IT projects that always were on time and with expected outcomes.

Our last collaboration with BTS Pro SRL was a cloud transformation project based on Microsoft Azure technology, where the company has proven a strong expertise in the industry, covering all the transformation chapters: needs assessment and consulting, planning, designing data and applications migration to Microsoft Azure, executing the migration and further configuration. Although the project was complex BTS Pro SRL has accomplished it in agreed time, budget and quality, applying industry best practices, hence exceeding our expectation.

Considering the above mentioned, I would like you to consider BTS Pro SRL as an experienced and reliable integrator within your Microsoft solutions implementations projects (Azure, Office 365, Microsoft 365, etc.), as the company has already proven itself of being a client oriented and excellent partner to help with the transformation of business using world’s leading solutions that making them differentiate among competitors.
