To Whom It May Concern:

With this letter we would like to thank Alex Casianov and the company Winnice Moldova for the promotion of Moldovan wines in the Food Hall Montownia. Our company would like to express gratitude for the tastings and workshops, during which guests and participants could learn about the wine traditions of Moldova, taste wines and learn the stories of the most famous winemakers of the region.

We are pleased with the course of these promotional events during our weekend promoting Moldovan wines and Moldovan winemakers.
