

## JD-PT3306UV Multifunction (MFP) Inkjet Printing

### Specification:

Equipment Size	730*730*500mm
Print Speed	4-8Square/Hour
Print accuracy	6/8/12/16/32PASS
Print Resolution	360/720/1440/2880DPI
Ink supply method	Continuous supply system
Ink consumption	1ml 1 square
Product Net Weight	About 40KG
Nozzle cleaning	Automatic cleaning/Automatic flash spray
UV Lamp power	80W
Platform height	0-140mm
Platform Drive	Servo/ stepper drive
Power Supply	220V/AC110V plug is optional
Nozzle configuration	Industrial nozzle imported from Japan
Printing Size	330*600mm
Color Control software	Ruicai
Suitable system	Windows/XP
Color configure	CMYK+W
Package Size	830*830*600mm
Product Gross Weight	45kg
Nozzle protect	Auto protection device
Lifting function	Lifting platform
Nozzle cleaning	Auto cleaning/auto Flash jet
Transmission mode	X-axis single rail+motor Y-axis double rail+motor
Working Temperature	0-40degree, humidity 10 to 40degree
Printing direction	One way or two way
Data transmitting	High speed USB
Printing color	White and color come out at the same time
Ink type	Weak solvent ink/UV ink/food ink
Printing platform	Metal
Document format	TFF/BMP/PDF/EPS/JPI/CAD
Ink antifreeze	With heating function
Package material	Carton +wooden box
