

## Electronic balance

### The model of ZJ-5002

- High precision load cell electronic balance
- Rugged plastic housing
- Big size stainless steel pan
- High contrast easy to read LCD display
- Built-in rechargeable battery
- Height adjustable feet
- Full capacity subtraction
- Stabilization time 1.5 seconds
- Overload protection
- Below balance weighing facility
- Checking weighing, piece counting function
- Can be contain bubble level
- RS232C interface

Model	ZJ-5002
Weighing scope	0-500g
Precision	0.01g
Repeatability	±0.02g
Linear error	±0.02g
Pan size	128mm×157mm
Dimension	22.5cm×22cm×8cm
Voltage	110V/220-240V AC
