

arauco

Santiago, August 13th, 2025

To whom it may concern,

We, Celulosa Arauco y Constitución S.A., hereby declare that Arauco uses chlorine dioxide as bleaching agent in their production process for Arauco EKP and Arauco BKP. The bleaching technology is Elemental Chlorine Free (ECF) and Chlorine gas as bleaching agent are not used at all.

Kind regards,

Guillermo Bustos Lasagna
Technical Support Manager
Celulosa Arauco y Constitución S.A
