CERTIFICATE OF REFERENCE

LANACO d.o.o. Banja Luka, ("Lanaco") hereby certify that the company Cryptomathic has been participating the project to implement and release the infrastructure for qualified electronic Signature at Lanaco.

The project includes the following tasks:

- Creation of a blueprint of the architecture of the solution
- Installation, setup, and configuration of Cryptomathic Signer software to support remote signature service and insure document processing and qualified signature.
- Installation, setup, and configuration of the Qualified Signature Creation Device (QSCD) – Hardware Security Modules (HSM) and Cryptomathic Signature Activation Module (SAM)
- Training on setup, configuration, and operation of Utimaco Hardware Security Modules (HSM).
- Remote technical support as part of the regular support and maintenance agreement

This project was carried out with seriousness and professionalism.

The technical experts involved in this project are:

- Francis Richards, Senior Solutions Architect
- Mads Gissel Schou, Senior Technical Consultant
- Anders Hamborg Nielsen, Senior Technical Consultant
- Christian Willemin, Sales Director

Banja Luka on April 18th, 2024
