

REFERENCE LETTER

Belgrade, 07.10.2021.

To whom it may concern:

Through present we are confirming that in year 2020 we had a contract for a complex equipment formed by: a landfill gas extraction and treatment system, including gas weals ,a cogeneration system(gas engine), a gas flare and a leachate treatment plant with company Hofstetter Environmental.

The contract went well and installation, commissioning, piloting and operation of the system including the leachate treatment plant were done by Hofstetter with his employees. Contract value was 290'533 Euro with the entire project of 8.600.300euro.

The leachate treatment plant was used for leachate treatment and the value of the leachate treatment plant with RO(reverse osmosis) DT(Disc Tube) technology was 200.000euro. The leachate treatment plant has a capacity of treatment up to 85 m3/day. Also for 6 months Hofstetter was assuring complete operation and analysis and needed tests.

All works were performed well, in predicted time frame and in accordance with contract conditions.

Through this letter we are recommending the products and services of ***Hofstetter Environmental.***

A purple ink signature of Aleksandar Ivanović is written over a circular purple stamp. The stamp contains the text "PRIVEDNO DRUŠTVO", "ANDROMEDA CONSULTING", and "DOO".
