## Product - Information

### Kaps - ENT SOM® Examination Microscopes

Integrate your SOM® examination microscope in a treatment unit - to create a top-quality work environment that will provide many years of service. Kaps provides solutions for all leading manufacturers of ENT treatment units. Here are some examples:

Modula Europa

**G. Heinemann Medizintechnik GmbH,**  
**Kaltenkirchen**  
[www.heinemann-ent.de](http://www.heinemann-ent.de)

In combination with a column the SOM® 22 Examination Microscope is also used for fixing to the treatment units of all leading ENT unit manufacturers. Together, these form a harmonious unit.

You can either order a column for Kaps examination microscopes as an extra item when you place your order, or you can order the microscope directly from the manufacturer of the unit.

**OUR FOCUS IS ON YOUR VISION**
