SUITS YOUR STYLE

The SL2600 gives you instant, two-way radio communication—without the bulky look and feel of a traditional radio.

- **Easily blends with business attire**

- **Easily fits in your hand**
  - 23mm (0.9")
  - 190g (6.7oz)

- **Based on the award winning form factor of the SL1600**

DISCREET PRODUCTIVITY

With a virtual keypad and display, the SL2600 gives you a fast and easy way to navigate functions and receive information at a glance.
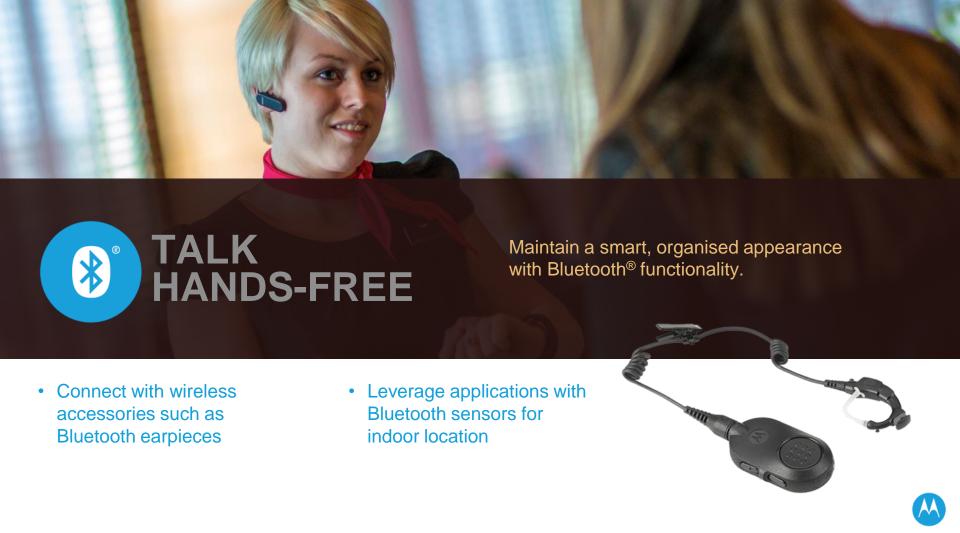

- **Virtual Keypad**
  - 4 buttons
  - Customise to vibrate, sound a tone, or stay silent
  - Lights up when in use

- **Display**
  - 2 line OLED
  - Battery life, signal strength, current channel, and scrolling messages

- **Texting**
  - Send preset texts

TALK HANDS-FREE

Maintain a smart, organised appearance with Bluetooth® functionality.

- Connect with wireless accessories such as Bluetooth earpieces

- Leverage applications with Bluetooth sensors for indoor location

OVER-THE-AIR UPDATES

With built-in Wi-Fi, IT and radio managers can be more efficient.

- Upgrade firmware much quicker
  - No more connecting cables by hand
  - No more taking radios out of service
