Your Ideal Operating Table Supplier

HFEOT99S Electro-Hydraulic Operating Table

Developments made in the conjunction with doctors: this is one of the basic principle which has made the world market leader for operating tables. Close cooperation and years of experience have resulted in tried and tested products which facilitate the work in the operating room and help to increase the safety and comfort of the patient.

Best example: this table can maintain stability in any position even with extreme loads. The modular structure enables it to be adapted to match the size of the patient and in no time at all it can be equipped for any surgical discipline. A longitudinal shift of up 350mm makes the operating table even more versatile.
