

BOBOVR Z6

2019 Innovation VR Headset

Comfortable / Wireless / Stylish

BUY OR OEM

Private IMAX Theater 360° Sound Field

Wireless drive 50mm large diaphragm headphone unit. High fidelity panoramic sound field. 110 degree super view angle, immersive in private IMAX movie, full of surprise, Enjoy a stunning visual experience!

110 °FOV

Aspheric high lens New HD world

Optimized optical design to effectively eliminate stray light and halo, larger and clearer field of view.

WIRELESS HIGH SPEED AUDIO STREAMING

With V4.2+ERD, not only supporting high-quality audio streams, but also help reduce power loss, charging for 2.5 hours, using 25 hours.

Comfortable Wearing & Easily Adjustable

High-end soft leather face padding effectively prevents lens fogging. The spacious interior space can fit the use of glasses for the myopia. Myopia 400° to hyperopia 200° can be adjusted.

WIDE SOUND FIELD, MORE REAL SENSE OF PRESENCE

Optimized sound cavity, better bass effect, wider sound field. The over-ear design can restore the sound of the real scene, with noise isolation function, you will neither be disturbed, nor make noise to others.

Foldable design, Easy to carry

3 seconds to fold the headset, very convenient for casual use and everyday carry.

New upgrade of appearance material

Comfortable leather face Efficient cooling solutions

With elegant and refined leather surface, departing from the conventional pattern.

Foldable design Compact and convenient

Width 158mm, Length 119mm. It's smaller than you can imagine.

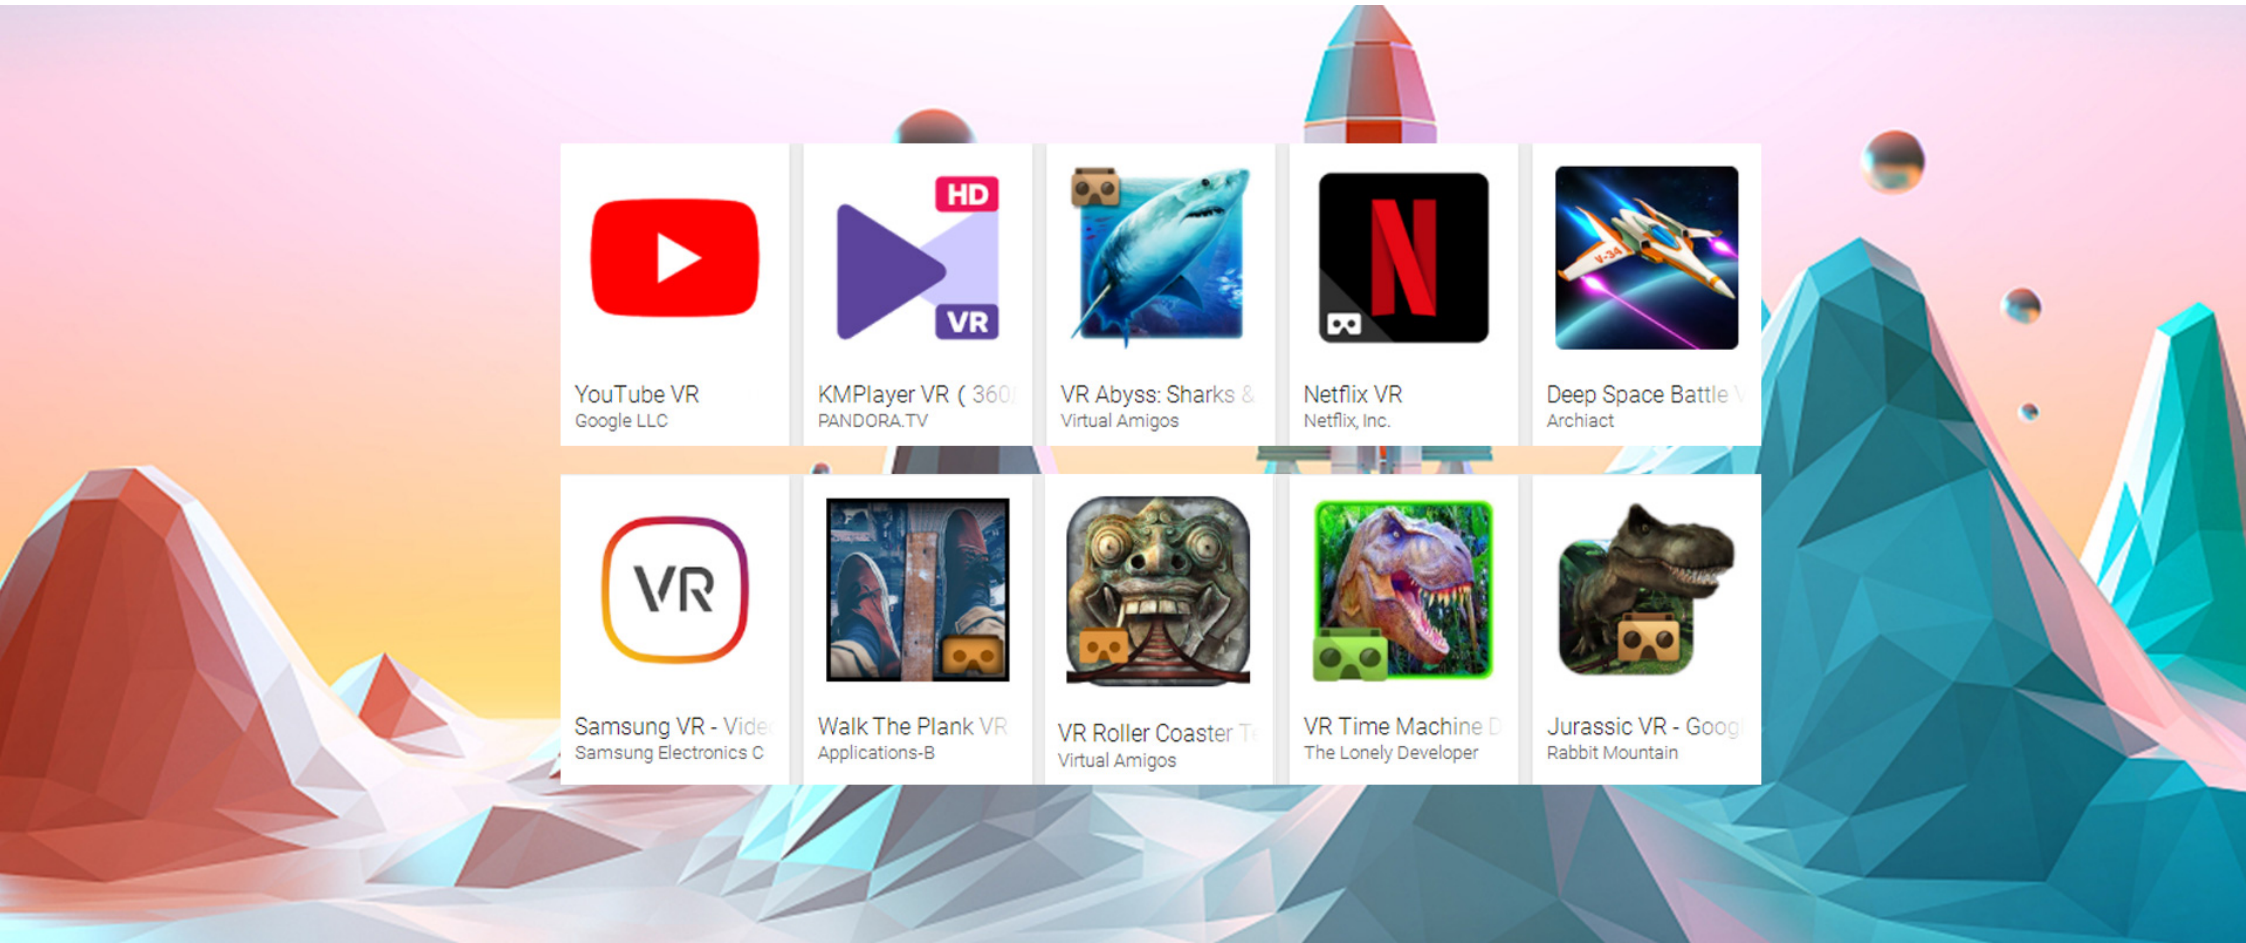

Wide compatibility design

Compatible with 4.7-6.2i (6.5inch) Android & IOS

Massive resources, tour the VR world

Content has always been an indispensable part of the VR experience. The new BOBOVR Z6 is compatible most VR apps.

Gaming Fun Trigger

The conductive touch button/trigger at the top gives you a lot of fun in games without a remote controller. It allows you to easily control all the VR games that support trigger.
