

## CERTIFIED QUALITY

We are aware that only products that fulfill the customers' expectations in all aspects bring success. By careful selection of raw materials and continuous optimization of the production process, we pay special attention to the quality of our products. We introduced the **ISO 9001** (2002) and **ISO 14001** (2004) standards for this exact purpose. Our insulation materials are tested and inspected according to **DIN 4102-B2**. Our final products bear the **ÖKO TEX STANDARD 100** label, which ensures no traces of harmful or harmful substances in the products.

**ISO 9001**  
**ISO 14001**

**BUREAU VERITAS**  
**Certification**
