

## Planul de mentenanță anual și a graficului de efectuare a lucrărilor

Servicii de mentenanță și reparație a dispozitivelor medicale al IMSP Spitalul Raional Cahul

*Servicii de mentenanță, diagnostică a dispozitivelor medicale se vor efectua o dată la 3 luni, inclusiv schimbul consumabilelor necesare pentru funcționarea corectă a dispozitivelor. Consumabilele de schimb vor fi originale sau compatibile cu dispozitivele medicale. Între perioadele de mentenanță, garantăm funcționalitatea dispozitivelor și înlăturarea defecțiunilor apărute cu timp de reacție 24h.*
