Cables for training pads plug into the rear of unit
Large LCD display for written prompts
Low battery indicator
Provides both audio and written prompts in English
Volume adjustment
Measures: 7-1/2 in. x 5 in. x 1-3/4 in.

Prepare students for emergency situations with the **Life/form®** Universal AED Trainer. Simply push a button to set the sequence of events that will help students learn the appropriate steps to follow in both “shock” and “no shock” situations. The instructor can select from four training

scenarios for manual and hands-free training. Once the scenario is selected, the trainer will prompt the student in appropriate actions and responses. Lightweight, compact trainer comes with reusable pads and electrode sets, 9V battery, and operating instructions. Complies with new AHA
