Minimize evaporation and protect samples from contamination and spilling with Thermo Scientific™ Nunc™ Sealing Tapes. These adhesive seals are ideal for all assay applications. Nunc Life Science products offer reliability and reproducible results, and are backed by industry-leading quality standards and certifications.

- Adhesive seals effectively seal all microplate formats
- Pressure sensitive adhesive is not tacky to touch, but forms a strong bond to the plate upon application of pressure
- Thin, lightweight tapes seal onto the plate with a convenient, handheld applicator (available separately, Cat. No. 250050)

Specifications

Description	AL SEAL TAPE FOR 96 WELL PLT
Evaporation Barrier	Malleable allows for visual verification of seal security, minimizes evaporation and cross contamination
For Use With (Application)	PCR, storage in 96-well plates
Incubation Conditions	General
No. per Case	100
No. per Pack	100

Adhesive	Acrylic
Autoclavable	Not Autoclavable
Certified RNase/DNase-free	Yes
Color	Foil
Material	Aluminum
No. of Wells	96
Pierceable	Yes
Plate Compatibility	All Microplates
Product Line	Nunc
Solvent Or Alcohol Resistant	Life Science Reagent Resistant
Sterility	Non-sterile
Temperature Range (Metric)	-80°C to +120°C
Well Shape	All well shapes
Unit Size	Case of 100

Contents & Storage

General; Long term
