

UPS SPECIFICATIONS

Output

Max Configurable Power (Watts)	Min. 700 Watts
Output Frequency	50/60 Hz
Sockets	Min. 3 Schuko, redundant

Input

Input voltage range for main operations	150 - 280 V
Input Power (VA)	Min. 1000 VA

Batteries &

Runtime

Battery type	Lead-acid battery, replaceable
Typical recharge time	Max. 8 hour(s) to 90%
Battery specs	Min. 12 V, 7 Ah

Communications &

Management

Interface Port(s)	USB
Control panel	Diod indicator or LCD display

Sustainable Offer

Status

Warranty	at least 12 months
