LUXOR® LX3 REVALIA OPHTHALMIC MICROSCOPE

With increased mobility and functional design, the new LuxOR® LX3 Revalia Ophthalmic Microscope Floor Stand is engineered to improve surgeon and staff experience in the OR:

- Electro-mechanical clutch system enables quick, easy and secure positioning adjustments
- Industrial design enhances ergonomics and aesthetics while minimizing external cables
- Touch screen video control allows for simplified operation of video capabilities
- Seamless integration with future system upgrades

PATIENT INTERFACE

The SoftFit® Patient Interface's unique hydrogel lens insert design offers surgeons and patients the benefits of efficient, precise docking.

- Hands-free
- Simple, one-piece construction
 - Single suction line; no draining or redocking
- Fixates patient eye rather than head
 - Reduces eye movement
 - Eliminates need for restraints
- Designed to mimic natural corneal curvature
 - Confirms ocular surface to insert curvature
 - Helps minimize distortion

Product	Product Description	Shipping Qty	Shipping UOM
8065998225	LenSx® Laser SoftFit® Patient Interface	10	EA

Options designed to manage most extreme corneal curvatures

- Nominal insert: Compatible with most corneas
- Steep insert: Compatible with most steep corneas
- Flat insert: Compatible with most flat corneas

*Pack includes one patient interface cornea and one multi-curvature SoftFit® insert
