INTRODUCTION

You should carefully read this manual before using this medical device.

DESCRIPTION

This article is a high quality trolley made of light anodized aluminum alloy with removable shelves in stainless steel. It is a medication trolley for hospital use.

COMPONENTS:

| | |
|---|---|
| N.1 upper frame with drawer (27461) 2 drawers (27422) or only frame with 2 trough holes (27460) |  |
| N.1 lower aluminum frame |  |
| N.2 stainless steel trays |  |
| N.2 aluminum short front legs |  |
| N.2 aluminum rear legs with curve for assembly of the push handle |  |
| N.1 aluminum tubular to be inserted in the 2 angular junctions to assemble the push handle |  |
| N.2 angular junction for push handle |  |

| | |
|------------------------|---|
| N.4 wheels ø 80 |  |
| N.10 screw 6x20 | |
| Allen key for assembly | |

ASSEMBLY INSTRUCTIONS:

Prepare a sufficiently large shelf to work on.

Insert the short front legs into the blind holes of the upper drawer/tray frame.

Insert the curved hind legs in the upper frame and fix with the screws using appropriate key.

Insert the lower frame into the legs and fix them with screws, **taking care to position the visible rivets towards the wheel.**

Put the 4 wheels by pressing until it clicks.

Fit the push handle by inserting the tubular into the 2 plastic corner joints and insert them into the upper side of the curved legs.

Lastly, place the trolley on the ground and place the trays into supporting frames.

WARNINGS!

- Fasten the screws with the Allen key supplied.
- Check that locking nuts are tightened.
- Do not exceed the maximum capacity specified in the data sheets.
- Avoid direct contact with open wounds.
- Do not use outdoors.

MAINTENANCE AND CLEANING

- Use only original spare parts.
- Periodically check all fixing points.
- To preserve at best, it is recommended to avoid prolonged exposure to sunlight, contact with saline environments and storage in very humid environments.
- Extract the trays before cleaning.
- Wash the stainless steel surfaces with soapy water and use appropriate disinfectants.
- Rinse with a damp cloth and dry thoroughly.
- Do not spill on the surface cleaners containing chlorine or ammonia, fatty and oily substances.
- Do not use cleaning tools containing iron. If disinfection is necessary, use only suitable non-corrosive products.

GIMA WARRANTY TERMS

The Gima 12-month standard B2B warranty applies
