

HYGIENIC KIT FOR HEADSET L-H2010

The H2010 Headset Hygienic Kit (All models) is composed of 2 ear pad and a microphone covers, made of stretch Lycra fabric for quick and easy insertion.

The fabric is washable just like the masks, it is recommended to wash by hand and in tepid water using hand wash detergent, or common soap.

The use of the hygienic kit allows students and teachers to use the headset with microphone in the laboratory in total safety.
