Insulin Pen Needle**

COMPANY PROFILE

Huahong has been developing, manufacturing, and marketing capillary-blood sampling devices for over 10 years since 2010. We are the first enterprise in China who automates lancet production. Now, as one of the leading manufacturers of capillary blood sampling devices, Huahong's product has been distributed in many countries and regions including USA, Canada, Europe, Korea, Japan, Brazil, Africa, etc.

With the mission of taking humanity as the foundation, respecting customers, continuously improving, and creating value, Huahong, continuously innovates products as well as production processes and had obtained over 36 innovation patents and utility model patents.

Huahong is dedicated to providing health care workers and patients around the world with safe and convenient medical products.

QUALITY FIRST

EU MDR Certified
 US FDA 510K Approved
 EN ISO 13485:2016
 UL 21 CFR Part 820
 CGMP & KGMP
 MDSAP ISO 13485:2016
 UK MHRA Registered

2010

Huahong Technology founded.
 Safety lancet and lancing device launched.
 Automate lancet injection.

2013

Listed as a National High-Tech Enterprise.
 Attained SA 8000 certificate.

2016

Safety lancet achieved award in Tianjin city government.

2018

Safety lancet patented in USA.

2021

Insulin pen needle (safety type) launched.

2024

Continuing a New Journey.

2022

Issued the 1st Industry Standard for Capillary Blood Sampling Devices.

2012

Safety lancet patented in China.

2015

Publicly listed.
 Passed world-class pharmacy stores' third-party social responsibility audits.

2017

The smallest safety lancet in the world launched.

2020

Insulin pen needle launched.

Safety Lancet (Type XXIII)

- Pressure activated.
- Tri-beveled needle tip to reduce the pain level
- Automatic retraction for single use only.
- Irradiation sterilization and sealed needle to ensure 5 years of shelf life.
- Needle is injected in the plastic to avoid contamination.

4 components

Ergonomic handle design

Anti-slip texture to increase friction

Firing system to be patented by US

MejorLance®

Code	Specification	Color	Blood	Package
I23A2122100	21G*2.2mm			100 pcs/box 50 boxes/carton (or per customers' requests)
I23A2118100	21G*1.8mm			
I23A2318100	23G*1.8mm			
I23A2616100	26G*1.6mm			
I23A2814100	28G*1.4mm			
I23A3014100	30G*1.4mm			

Mini Safety Lancet (Type XXV)

- Pressure activated.
- Tri-beveled needle tip to reduce the pain level.
- Automatic retraction for single use only.
- Irradiation sterilization and sealed needle to ensure 5 years of shelf life.
- Needle is injected in the plastic to avoid contamination.

US&CN patented

Easy to carry and use with mini dimension

Eco-friendly
Low pain level
Elegant appearance

Mini RuidyLance®
