HEALTHCARE PROFESSIONALS

Export Advance

Aspiration Catheter

ADVANCING PERFORMANCE

The Export Advance™ aspiration catheter delivers consistent, high-performing aspiration power when it matters most — restoring flow and protecting patients.

PRODUCT DETAILS†

Superior Deliverability¹

Full-Wall Technology provides variable levels of stiffness without joints, for optimal kink resistance and catheter performance.

Dependable Delivery to the Target Site:

- Preloaded stylet enhances shaft stiffness during catheter delivery, boosting kink resistance, trackability, and pushability²
- Buddy wire compatibility allows for extra support, when needed.†

High-performing Aspiration Power:

- Large extraction lumen (0.044" proximal; 0.043" distal) increases aspiration power.‡
- Optimised hub geometry improves flow.‡
- Soft, short, forward-facing tip design permits excellent particle capture.†

ORDERING INFORMATION

Product Code	Guide Compatibility	Wire Compatibility (in)	Length (cm)
ADVANCE	6 F min. guide I.D. 0.070"	0.014	140
