## AUTHORIZATION LETTER

We, Biolife Italiana Srl, declare that the Company:

LOKMER Ltd.  
MD-2028, Moldova, mun. Chisinau  
str. Mitropolit Gurie Grosu 9

is **authorized Distributor** of Biolife Italiana S.r.l. for the microbiological culture media, supplements for culture media, products for microbial identification, hereinafter called devices, in Moldavia.

The company LOKMERA is authorized to participate to tenders, to supply devices, and to provide after-sales service.

The company LOKMERA should maintain a full traceability system of the device supplied. Full traceability system includes ability to track and trace the movement of devices throughout the supply chain. This includes tracking the origin and destination of devices, as well as any intermediate stages in the distribution process.

The company LOKMERA immediately inform the manufacturer about complaints, device defects and incidents, reported from healthcare professionals, patients and other users, related to a device for which they have been designated, in order to activate all the appropriate corrective and preventive actions.

The company LOKMERA will maintain an active Vigilance System according the requirement of the European Regulation 2017/746.

The company LOKMERA agrees to cooperate, when requested by BIOLIFE ITALIANA SRL (or MB), by providing commercial and technical feedback from the market related to the devices distributed.

The authorization has a validity of two years (until 31st December 2025) and can be renewed in writing.

In Faith
