Profile

Frontend Developer with 6+ years of experience in building scalable, high-performance, and user-friendly web applications. Skilled in developing dynamic interfaces with React and Vue, implementing responsive design, and optimizing frontend performance. Strong knowledge of modern development tools and workflows, including Webpack, Vite, and Git. Adept at collaborating with cross-functional teams and translating business requirements into functional, intuitive digital solutions.

Seeking to contribute technical expertise and creativity to a forward-thinking company focused on delivering impactful digital products.

Employment History

Frontend Developer | Amigo Studio

OCTOBER 2019 – PRESENT

- Developed and maintained modern web applications with a focus on usability and performance.
- Built and optimized reusable UI components using React and Vue.
- Delivered responsive, cross-browser compatible layouts to ensure accessibility across devices.
- Optimized frontend code for faster loading times and improved performance.
- Configured and maintained development environments with Webpack and Vite.
- Collaborated closely with backend developers, designers, and product managers to deliver business goals.
- Participated in code reviews and applied best practices to improve code quality and maintainability.
