Our expert team has years of experience in development of business and strategy..

From raw materials to services after sales, Ortimeplant considers to apply Total Quality Management System, With respect to this policy

Ortimeplant has been certified its Quality with the certificates of CE, ISO 9001, ISO 13485.

Ortimplant manufactures orthopaedics implants, sterilization containers and accessories in line with world norms with its high technologic workshop.

Ortimplant increases its success in orthopaedic field everyday by manufacturing new and developed products as a result of investigation and research studies of the specialist physicians and experienced engineers according to needs of global sterilization market.

Together with modern background and educated technical team Ortimplant aims qualified manufacturing as a goal.

From raw materials to services after sales Ortimplant considers to apply Total Quality Management. With respect to this policy Ortimplant has been certified its Quality with the certificates of CE, ISO 9001, ISO 13485.

With the aim of more rapid and continuous satisfaction of customer desires, Ortimplant educates the employees in advanced stages to increase customer satisfaction under all conditions. With periodically given education seminars Ortimplant is in the aim of reaching institutional quality from personal quality and with direction of this goal Ortimplant succeeded the communication between employees by meeting all management and technical teams together in social and cultural activities.

Ortimplant attributes to national and international sectoral fairs to actively present its current and new products to the medical sector in the world.

With its obsessive Quality policy and with its open structure to developments Ortimplant goes on its constution under today's modern instutional structure.
