

TRAINING-CONFIRMATION

The undersigned confirms, that

Mr. Railean Vitalie

Company:

Ancotec-Sistem
Republic of Moldova, Chisinau

stayed with us, the manufacturer of the GENESIS products

to participate in a 3 days training. The training
included the following topics:

- Composition of the generators
- Systematics of the generators
- Setup and adjustment of the generators
- Programming of the generators
- Trouble shooting of the generators
- Installation of the automatic exposure control
- Assembling, adjusting and maintaining complete x-ray systems
(including buckytables, columns and wall bucky stands)

Our products have been developed and are manufactured according international standards and guidelines. The above mentioned participant of our training is obliged to inform us about national requirements which differ from the international standards. If this obligation is not considered, it is not allowed to put our medical products into operation.
