PARTS ORDER

CRM Spare Parts order screen will be used in ordering spare parts.

CLASSIFICATION OF ORDERS

ERKUNT TRACTOR has two types of parts order classification;

1. Regular Parts Order
2. Emergency Parts Order

Each order has a different purpose, discount structure and priority.

Procedure

Stock orders are orders to provide adequate parts service to the customers of distributor / dealer, taking into account products sold or sold by them.

Carefully prepared, regularly ordered Regular Parts Ordering:

1. Reduce the number of expensive emergency orders to the distributor and the final consumer of the part,
2. Fast parts will increase customer satisfaction and brand addiction,
3. It will reduce shipping costs.

Regular orders should be at least 500 Euro / Dollar in any case, but this is not required for urgent orders. Regular orders become ready to ship within 60 days after the order reaches ERKUNT TRACTOR. ERKUNT TRACTOR will provide a 20% discount for such orders.

Note: The validity period of the quotes is 30 days.

Procedure

The emergency order indicates the customer's demand and the emergency order is the primary priority. For international shipping, the order processing time is at least 5 (five) days, which means the time it takes to receive, collect, pack and ship the order. This time depends on normal working hours and availability of parts. In emergency orders, the order that is collected is shipped within 7 days after the emergency order is processed, ERKUNT TRACTOR applies 5% discount for such orders.

TRAINING and TECHNICAL SUPPORT POLICY

The distributor / dealer will be responsible for providing all technical support services (including repairs under the warranty) of the Armatrac/Erkunt/Hisarlar branded products it has sold, and providing the necessary training to both the dealer, service and end user of any product.

The Distributor / Dealer will ensure that its technical staff and technical staff of its sub-dealer / service are adequately trained in the service and repair of the Products. In addition, all new directives will ensure that sub-dealers, technical personnel are always informed about compliance with service and other issues related to repairs and that they are always compliant with these directives.

ERKUNT TRACTOR will provide this type of training to the service team of the distributor / dealer free of charge in the ERKUNT TRACTOR FACTORY once for each new product; however, the distributor / dealer will cover the travel and accommodation expenses of the employees of the distributor / dealer.

The first training is completed within 60 days as the first tractors / equipments arrive in the country.

If Erkunt Tractor is invited to the training and has not attended the training within 6 months, warranty approval is not given for the parts requested under warranty.

The distributor / dealer may request training on the products in a place he determines. For this place, two companies agree primarily. Training can be given at this place by ERKUNT TRACTOR. However, in such a case, the distributor / dealer will bear the travel,

accommodation and other expenses of ERKUNT TRACTOR employees and other training expenses.

In the event that the Distributor / Dealer does not participate in the training based on the first training invitation, technical staff support will be provided for a fee for the technical staff support request.

This agreement has been signed by the parties on 30 / 03 / 2023 together in two copies and became valid from the moment it was signed. A wet signed copy of the agreement was taken by the parties.
