BL-082

BL-083

Sports tape(with elastic): BL-083

Kinesiology tape, made of high-quality cotton stretch fabric and medical pressure-sensitive glue, adopts the most advanced "S"shape coating technology in production. It is strong adhesive, difficult falling off, hyposensitivity, soft, air permeability and high ductility. The ductility of the bandage which is considerable equal to the flexibility of muscle is 140%. It is equivalent to an extra muscle on the skin to help muscle contraction, so that is can reduce the burden of muscle without restricting the activities of joints and muscle.

Kinesiology tape is suitable for different joints without drug. Just stick the bandage on the skin when using. By pulling the skin, which administer to circulation of blood and circulation of lymph, balance the uncoordinated muscle. In this way, it can relax the muscle and prevent the muscle pull.

Size : 2.5CM*5M ; 5CM*5M ; 7.5CM*5M ; 10CM*5M

Kinesiology tape BL-084

1. Enhance sports performance
2. Relieve pain
3. Improve circulation
4. Reduce swelling
5. Promote healing
6. Support soft tissue
7. Relax soft tissue
8. Training soft tissue
9. Correct posture
10. Improve action Morphology
