RESPONSIBILITY

benz-cart
Medical Trolleys

Both models have the unique acrobat monitor holder with seamlessly moves:

- 360 degree from the joint
- max. 40 cm up and down
- max. 80 cm forward and backward

With the monitor mounted.

Double keyboard (FFEUS model)

Single keyboard (FFP model)

With isolator transformer, double endoscope holder, specially designed flexible parking wheels, CO2 tube holder, drawer and front and back handles..

Comes with the same accessories as BNZ-3 FFP but instead of acrobat holder, this model is equipped with standart swivel monitor holder with a unique 40kg weight capacity.

BNZ-3 FFEUS, FFP and FFA models have a shelf weight capacity of 80 kg and a total weight capacity of 300kg

Based on eco version of BNZ-3 trolley, this model has;

- 30kg shelf weight capacity
- 200kg total weight capacity

It is equipped with a double endoscope holder, standart monitor holder with 40kg wight capacity and a keyboard drawer.

With a low-foot print and low-weight, this model is user friendly in outpatient clinics as well as OR set-ups.
