Zibo Eastmed Healthcare Products Co., Ltd

professional manufacturer of:

- 1:infusion sets
- 2:Blood transfusion set
- 3:Syringes
- 4:Needles
- 5:Vacuum Blood Collection Tube
- 6:Non-woven products
- 7:Medicine package
- 8:Gloves etc
- 9:IV catheter

EN ISO13485: 2012/AC:2012

High Quality Best Service

CE₀₁₉₇ ISO13485

PROFILE

1. Time of establishment:1987;
2. Staff:2300 in total;
3. Fixed assets:RMB450,000,000;
- 4.Sales:RMB800,000,000;
5. Area:60 acres;
6. Clean workshop area:25000m².

CAPACITY

1. Infusion set:250,000,000pcs;
2. Syringe:800,000,000pcs;
3. Transfusion set:50,000,000pcs;
4. IV catheter:60,000,000pcs;
5. Needle:2,000,000,000pcs;
6. Other products:500,000,000pcs

【Who We Are】

Our highly professional team has been in medical disposable manufacturing and supply area since 1987, but the name of Eastmed is fairly new started from 2012.

Seasoned professionals with sound international expertise can support you in medical solution as well as young, dynamic but specialized order coordinators are responsible for every step of your order.

You can always count on excellent quality, genuine service, an inviting atmosphere and an extended service plan from us!

【What We Offer】

Disposable syringe & needle; Infusion set(with Y-site, with 3-way stopcock, with needle free Y-site, with flow regulator, light-resistant, PVC, TPE, DEHP-free); Blood transfusion set; Burette set; Extension tube; Scalp vein set; Blood collection set; IV catheter; Surgical blade; Medical glove; Face mask; Surgical gown; Urine bag;

A wide selection of standard components for endless combinations allows our customers to create a product tailored to fit any need.

【Quality Control & Assurance】

Quality is an important aspect when it comes to any product or service, our reliable team will stand in your place to oversee the quality process and handle every link of order, with the mission of insuring your supply chain and minimizing the waste.

【Logistics Easy Ordering Process】

A business with good logistics can keep track of product shipments and move products or information quickly to the correct locations.

With over 20 years of exporting experiences in medical disposables, we have built a highly efficient logistics strategy; you can easily track product orders and shipment data.

Under this highly efficient strategy, we also devote ourselves to reducing your destination handling charge to help our customers controlling overall cost.

【Our Mission】

Each member of our company works passionately to fulfill our mission. We are doing our best to build the close relationship with both clients and distributors to provide the most suitable medical products for people around the world.

Surgical Blade

**Surgical blade**

1. Material: Stainless steel, Carbon steel.
2. Sterile surgical blade with fine sharp cutting edge in well sealed packages which provides most safety and least pain to final users.
3. Sterilized by Gamma radiation with shelf life 5 years from date of sterilization in well sealed packages and dry, cool store conditions.
4. Blade Size: 10#-36#
5. Packing: 1pc/alum-foil wrap; 100pcs/box, 50boxes/carton

Sterile Suture Needle

**Features:**

- 1) Suture Material: Chromic and Plain Cargut, Braided Silk, Polyglycolic acid (synthetic absorbable sutures), Monofilament Nylon, Monofilament Polypropylene, Braided polyester, Monofilament stainless steel wire.
- 2) Needle Body: Border ≥ 0
- 3) Needle End Type: Rolled end, drilled end, regular-eye end, Spring eye needles, etc
- 4) Needles Shape: 1/2 circle, 3/8 circle, 1/4 circle, 5/8 circle, half curved, straight
- 5) Diameter of Sutures: USP 10/0-USP3
- 6) Ways of Sterilization: Sterilized by Gamma Radiation of ethylene oxide

Glove Series

1. Latex Surgical gloves powdered :
Features: Smooth surface, without sizes labeled in wrist gloves, straight finger shape.
The Minimum average thickness of double Layers: $\geq 0.30\text{MM}$
Size: 6#, 6.5#, 7#, 7.5#, 8#, 8.5#
2. Latex Surgical gloves powdered :
Features: textured surface, with sizes labeled in wrist of gloves, Curved finger shape
The Minimum average thickness of double Layers: $\geq 0.32\text{MM}$
Size: 6#, 6.5#, 7#, 7.5#, 8#, 8.5#
3. Latex Surgical gloves powdered free
Features: Smooth surface, without sizes labeled in wrist gloves, straight finger shape.
The Minimum average thickness of double Layers: $\geq 0.30\text{MM}$
Size: 6#, 6.5#, 7#, 7.5#, 8#, 8.5#
4. Latex Surgical gloves powdered free:
