

BSI Migration of Certificates from UK Notified Body (0086) to NL Notified Body (2797)

BSI operates two full scope Notified Bodies, which cover all NBOG codes for the Medical Device Directives (MDD, AIMD, and IVDD):

United Kingdom	Netherlands
Notified Body Number 0086	Notified body number 2797
BSI Kitemark Court Davy Avenue Milton Keynes MK5 8PP	BSI Group The Netherlands B.V. Say Building John M. Keynesplein 9 1066 EP Amsterdam

Please Note: This letter provides validation only where BSI NB 2797 certificate(s) accompany the document.

The named manufacturer has completed migration of the enclosed CE certificate(s), originally issued by BSI UK (0086) Notified Body to BSI Group The Netherlands B.V. which is a European Notified Body designated in The Netherlands for the following three directives: MDD (93/42/EEC), AIMDD (90/385/EEC) and IVDD (98/79/EC).

The migrated certificates retain their original certificate references to ensure traceability and to maintain full visibility of the significant history of the previous certification changes for the product or product family concerned. BSI Group The Netherlands B.V will maintain and continue with the full surveillance audit schedule set previously by BSI UK. The maintained traceability ensures all regulatory requirements under the Directives remain valid and assessed on an ongoing basis and manufacturers do not need to update their labelling immediately.

Your Sincerely

Gary Slack

SVP Notified Body and Brexit Strategist,

EC Certificate - Product Quality Assurance

Directive 93/42/EEC on Medical Devices, Annex VI

No. **CE 663101**
Issued To: **NORAV Medical GmbH**
Christof-Ruthof-Weg 10
Mainz-Kastel

We, the

Norav Medical GmbH

Christof-Ruthof-Weg 10
55252 Mainz-Kastel
Germany

hereby declare under our sole responsibility that the Medical Device(s) specified on the next pages conform to and meet the full provisions of the *Medical Devices Directive 93/42 EEC* as amended by the *Directive 2007/47/EC*.

All Medical Device(s) specified have been classified in accordance with the Medical Devices Directive classification rules of **Annex IX, Rule 10**, which is: *“Active devices intended for diagnoses are in Class IIa...”*

Therefore, the Applicable Classification is: **Class IIa**

The control of product quality and the conformity with the above-mentioned *Medical Devices Directive 93/42/EEC* is continuously assessed utilizing *Incoming Inspection and Final Inspection* of each individual Device in accordance with the requirements of **Annex VI** coupled with **Annex VII, sections 1 to 4 and 6** of the MDD (*Quality Assurance Product*).

The processes of the *Incoming Inspection and Final Inspection* are supported by the *Quality Management System* which has been implemented and is maintained by Norav Medical GmbH in accordance with the ISO 13485:2016. For the approval of the conformity of the *Quality Management System* with the requirements of Annex VI of the Directive we have appointed the Certification Body:

BSI - British Standard Institution
