WHO WE ARE ?

TIO MEDICAL PRODUCTS LTD. manufacturer of disposable drapes and gowns is established in january 2011 for a competitive and high quality production.Cleanliness and hygiene are kept in the for front of contemporary production techniques to make customer- focused production facilities have a principle.

We have 6000 m² production area and 100 staff in the production line ,TIO MEDICAL PRODUCTS LTD. continues to maintain or exceed standards we have EN 13795 , ISO 13485 and CE mark Validated Clean Room (class 10.000) , Medical devices within the class 1, class 2a, ETO Sterilisation Chamber to sterilise surgical packs and other products.

Our flexible production as well as standart types of researchers and product groups to respond to customer requests meet the needs continually. TIO MEDICAL LTD. producing high-quality single-use drapes and gowns group brand under the brand name TIOSET also TIOPLAST is one of trade mark of the disposable plastic items. We add a new product in our range every year.

Our aim In Turkey, for a pretty new group of single-use drapes and gowns to add dynamism and innovation in the sector, including improving the quality of the sets. We have own Sterilization unit in our facilities to obtain their goal is within our sector.The beginnings all the time exhausting and it is always difficult.

We have a long way to go in a short time.Working with all levels of production;We decided to have the top of the best off work. Sacrifice of all kinds to make the production smoother. The innovative result-oriented judging speed,we want to create a company quickly to have experience of years combined with youth, speed and active effort and share the results with you for better profit and satisfaction. We keep going to way with our slogan " TOGETHER STRONGER. "

MEDİKAL

DRAPES

SMS

It consists of 3 separate layers bonded thermally or with adhesive.

SMMS

It consists 4 separate layers bonded thermally or with adhesive.

SPUNFLEX

The product is formed by laminating the spunbond fabric with the film, since it is not very absorbent, it is only used on the back table drape.

DUBLEX

It consists of a polyethylene film and a absorbent (chemical band). Absorbent part has higher absorbency compared the spunbon.

TRIPLEX

It consist of 3 layers material.It is formed by laminating absorbent + polyethylene film + spundon interlining to each other.

PP "Polypropylene"

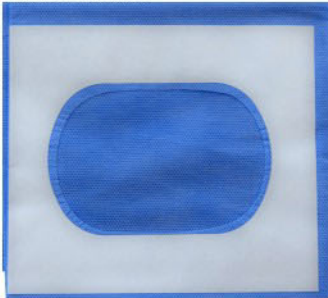

PE "Polietilen"

INDEX

- Tee/Toe Prope Cover With Ultrasound Gel Syringe
- Kidney Tray
- Endoscopy Mouthpiece
- Apron
- Wrap
- Tie 2/ pcs

Specially designed for Trans Esophageal or Trans Esophageal Echocardiography (TOE / TEE) transducers for adults and neonatal patients. As TIO MEDICAL, we have prepared an easy-to-use, complete kit with probe protector, ultrasound gel, applicator, apron and cup. TIO MEDICAL offers a complete range of Probe protection kits to protect patients and healthcare workers against cross contamination for TOE / TEE procedures.

All TOE / TEE ultrasound transducer covers are made of latex-free PU material.

All of our TOE/TEE ultrasound transducer sleeves will fit every commercially available TEE transducer, adult, pediatric and Micromulti.
