ISO Certification

The International Organization for Standardization (ISO) develops voluntary international standards for businesses, industry and government. Static Control is proud to be certified to ISO9001:2008, Quality Management System Requirements, and ISO14001:2004, Environment Management System Requirements. To learn more about ISO, visit www.iso.org.

Compliance to **ISO 9001:2008** ensures customers receive the highest quality products and services available in the aftermarket laser and ink jet cartridge industry.

Compliance to **ISO 14001:2004** ensures effective environmental management to reduce the environment impact of providing products and services by monitoring, measuring and continually improving processes.

Our mission is provide the best possible customer experience, the best possible products and services, with the smallest possible environmental impact.
