Year of Launch and Market Experience

I hereby confirm that:

- Oticon Ruby 2 BTE was launched in February 2020
- Oticon PG10 SP was launched in August 2019

These Oticon Instruments have been sold in the EU for more than one year.

The benefit of these instruments has been proven through clinical experience and has been well received by both hearing aid users and audiologists, starting with the year of manufacture.

Yours sincerely

Oticon A/S
