Continuous Quality Improvement
- **Front Panel Board FPB with Integrated Backlight Inverter Board BIB**

- Dialog+ SW 9.xx

1.   Related Machines

Dialog+ machines with software 9.xx.

2.   Continuous Quality Improvement

The front panel board FPB was modified and now has an integrated backlight inverter board BIB.

3.   Service Activities

The front panel boards are not forward and backward compatible and the same type has to be used as spare part. All types of FPBs are still available depending on the BIBs present in the machine (see bottom figures).
