

## TECHNICAL DATA SHEET

### 100ML STERILE, INDIVIDUALLY PACKAGED URINE CONTAINER

#### Product Description

**Product Code:** BPIB00003

**Product Name:** 100ml Sterile, Individually Packaged Urine Container

**HS Code:** 392310900000

#### Product Characteristics

**Graduation:** Yes, graduated, to roughly calculate the volume of the specimen.

**Type of Cap:** Screw Cp

**Design:** Container with Enclosed Lid

**Application:** Collection and storage of fluid specimens

**Usage:** Suitable for all fluid specimens

- The container is nontoxic to live cells.
- Leak-Proof.
- Made of rigid plastic, and does not lose its shape when pressed.
- Sealed with a plastic screw cap.
- Wide mouth.
- The container has a labeling part for patient details.

#### Size

**Sample Volume:** 100ml

**Max Volume:** 125ml

**Height Including Lid:** 46,9mm

**Height Excluding Lid:** 45,7mm

**Diameter:** 32,2mm

#### Material and Colours

**Material of the Container:** Polypropylene (PP)

**Material of the Lid:** Polyethylene (PE)

**Color of the Container:** Transparent

**Color of the Lid:** Red (Optional)

### **Certification**

**Product in accordance with MDD or IVDD:** IVD

**CE Certified:** CE

**Lot Number:** Batched

### **Packaging Information**

**Quantity of a Box:** 400 pcs

**Depth of a Box:** 36 cm

**Length of a Box:** 65 cm

**Height of a Box:** 75 cm

**Weight of a Box:** 7 kg
