

TECHNICAL DATA SHEET

25 pieces	EMS - 17 PARAMETERS
Description Stretcher intended for the transport of patients	
Parameter Specification	
Hydraulic type	YES
Sections ≥ 3	YES
Positioning Tredelinburg with a shock absorber ≥ 17 degrees	14
Antitredelinburg with a shock absorber ≥ 17 degrees	14
Adjustable backrest with gas damper ≥ 80 degrees	63
Manual control yes, on both sides	YES
Transparency on x-rays (x-ray, arm C) yes	YES
Niches for x-ray cassettes minimum 3 pcs.	YES
Height adjustable 55 - 80 cm	60-93 CM
Side bars, foldable from	YES
Wheels Diameter ≥ 20 cm	YES
"Brakes with central locking on all 4 wheels" yes	YES
"Possibility of locking the wheel direction" yes	YES
Wheel no.5 in the middle yes	YES
Electrostatically painted stainless steel material	NO - ELECTROSTATIC PAINTED STEEL
Maximum load ≥ 250 kg	YES
Dimensions $\geq 200 \times 75$ cm	221*80 CM
Stretcher handles yes	YES
Mattress, resistant to processing and water yes, removable	YES
Oxygen balloon holder yes	YES
Equipped with protective wheels / bumper in all four corners to avoid hitting the wall	YES
