Compatibility of Universal Applicator

We, CAISLEY International GmbH, hereby declare that the offered eartag models FlexoPlus G/D, MultiFlex L/L and MultiFlex P/P are compatible to the applicator, specified in chapter III of annex 1 and chapter V of annex 2. CAISLEY International GmbH is the manufacturer of this “universal applicator for multiflex ear tags” and we guarantee full compatibility.

The special design of the locking system of the MultiFlex and FlexoPlus causes a clean cut of the ear tissue. The pin of the father part has a circumferential, very hard cutting edge, which together with the mother part cuts the tissue cleanly and does not crush it by pressure. Together with the parallel movement of the CAISLEY Universal Applicator during closure this ensures that no skin is pressed into the mother part, promotes good wound healing and prevents necrosis etc..

Cornelia Nehls
Managing Director
