ATEX Range

Lec Medical has developed an ATEX approved, spark free medical refrigeration, freezer and fridge-freezer range. The internal refrigeration chamber is classed as zone 2, category 3 when the door is closed. The external parts of the refrigerator are classed as safe areas and as such do not need to comply with the requirements of the Directive.

Key Features

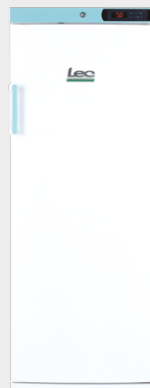

- ✓ Zone 2, category 3 ATEX approval
- ✓ Advanced precision controller, accurate to 0.1°C
- ✓ Fitted lock for added security
- ✓ Antimicrobial handle
- ✓ Spark free
- ✓ Optional plug types
- ✓ Flexible storage

Fridge-freezers offer the optimal storage flexibility with two distinct temperature zones.

These units are a popular choice when space is limited and we offer a variety of sizes, from countertop units through to large freestanding alternatives.

Large Capacity Range

We offer a range of spark-free larger capacity fridge freestanding units in 600L and 1200L, ideal for when extra storage capacity is required. All this range is spark-free to avoid potential combustion.

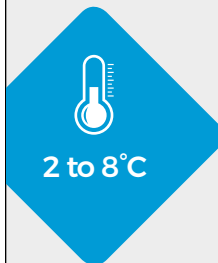

This range also comes with air and core temperature probes for added accuracy and a power fail alarm including battery back-up.

Key Features

- ✓ Spark-free to avoid potential combustion
- ✓ External digital controller
- ✓ Lock and two keys for improved safety
- ✓ Antimicrobial handle
