

PRODUCT DATA SHEET

Original Perfusor® Line PVC

Extension Line for IV administration, compatible with syringe pumps

The Original Perfusor® Line is an extension line which connects the syringe and the patient access by Luer-Lock connectors.

Advantages

- Luer Lock fitting enables compatibility to all pump syringes
- Pressure proof up to 2 bar
- Made of PVC, not manufactured with DEHP or Latex
- Tube diameter: 1.5 x 2.7 mm
- Available in different lengths
- Available with integrated 0.2 µm filter
- Available with needle-free Safesite® valve: Opens when connected and closes automatically when disconnected
