

We are always looking for more – more efficiency in our business, more quality for our services, more profit – for our clients and us. This is the main reason why our Group of Companies appeared – two business persons with common goals and wide experience in different spheres joined their efforts in order to create a complex product on the market.

In 2015 Mihai Darie and Adrian Lazarencu formed Forward Logistics and introduced their business idea to the market of transportation industry, based on significant experience of customs' clearance services providing and deep understanding of logistics sphere consumers' needs.

Today in 2018 we are represented by the group of four companies - Logico Solutions, Forward Logistic, Chilli Logistic, Gal Spedition, and:

- a fleet of our own transport units - 24 trucks, all Euro 6 and Euro 5 (Romanian and Moldovan registration, 2011-2013 production years). 10 of them have refrigerators including the ones with double temperature, with ecological motors Thermo King SLX 400.
- a modern office at Kishinev, Republic of Moldova, represented by two main departments – customs clearance and transport despatchers unit. Their work is supported by administration and financial divisions, service maintenance team.
- private certified customs warehouses (Kishinev, Republic of Moldova and Bucharest, Romania) in order to meet any needs of our clients which can arise while using our services. As a result it makes business processes as efficient as they can be.

Our services portfolio lists:

- international transportation of goods which require general or controlled temperature conditions.  
Cost-effective, tailor made pricing, accurate timing and complex door-to-door solution every customer appreciates.
- Customs clearance services:
  - pre order export-import consultations;
  - all-included clearance services provided by top specialist in shortest terms;
  - temporary customs warehouse placing in order to resolve special cases properly.

Due to the high speed of reaction to market needs and implementation of the development strategy, for today our Group of Companies is a successful team of professionals with a portfolio of high

quality services, appreciated by a list of clients with high standards expectations.

Our clients are Individual Enterprises, NGOs, International Projects, State-owned enterprises, important business players on the Moldovan and Romanian markets.
