

F150N-E Cordless

BATTERY-POWERED CUTTER

- Certified Compliant to NFPA 1936, 2020 Edition
- Brushless Motor
- Ideal for Rescue (USAR) operations
- Lightweight and easy to handle

CE  **MADE IN ITALY**

F150N-E battery-powered Cutter is lightweight and easy to handle. **Protection rating - IP54**.

With just 20.9 kg of weight it delivers a cutting force of 394 kN and is able to cut the posts and frames of the most recent vehicles.

It works with DeWalt® FlexVolt™ 18V/54V or 20V/60V batteries, and delivers the same amount of force of a traditional Cutter.

Thanks to the new battery, the operating time during extrication operations will be considerably extended.

Battery and charger not included

Max opening	147 mm
Working pressure	70 MPa (700 bar)
Cutter rating*	A6 / B5 / C6 / D7 / E7
Motor	54V / 60V BRUSHLESS
Dimensions LxWxH (closed)**	777 x 274 x 241 mm
Dimensions LxWxH (open)**	763 x 271 x 241 mm
Weight**	20.9 kg
EN 13204 classification	BC150H-20

*NFPA 1936
