No.177 of October 09, 2018

The Ministry of Finance

### Standard form of the European Single Procurement Document (ESPD)

The European Single Procurement Document, hereinafter ESPD, is a declaration on its own responsibility, which presents preliminary evidence and replaces the certificates issued by public authorities or third parties. It is available in the state and English languages and is used as a preliminary proof of the fulfillment of the necessary conditions in the procurement procedures in the Republic of Moldova. Due to the ESPD, bidders no longer have to provide complete documentary evidence in different formats, as previously used in public procurement procedures, which represents a significant simplification of access to cross-border bidding opportunities. Starting from October 2018, ESPD will be available exclusively in electronic form.

The Ministry of Finance offers a free web service for buyers, bidders and other interested parties completing ESPD in electronic form. The online form can be completed, printed and then sent to the buyer along with the rest of the offer. If the procedure is performed electronically, ESPD can be exported, stored and deposited in electronic form. An ESPD deposited in a previous public procurement procedure may be reused, provided that the information remains correct. Bidders may be excluded from the public procurement procedure or may be prosecuted if the information in the ESPD is false, undisclosed or cannot be supported by supporting documents.
