

Surgical Needles

MEDITÜ KFT. Needle Technology for Surgery

**IMPORTANT!**

Dear Customers!

In as much as you would like to print the catalogue and place an order by it, please make certain that you adjust the document to 100 % when printing, you can thus avoid minor discrepancies of the potential automatic settings, which can lead to improper sizes and inappropriate order.

CATALOGUE

**MEDITÚ** Surgical needles KFT. Needle Technology for Surgery

## MEDITÚ KFT. Needle Technology for Surgery

For 30 years the Meditú Kft. has been **manufacturing surgical needles** and with its decades of experience it is sure to guarantee quality to its customers. Our production facility in Makó in south-eastern Hungary offers the following range of products:

- **Surgical needles**
- **Atraumatic needles**
- **Needles for Drains**
- **Special, unique medical needles**

The success of our company is based on **paying attention to fulfilling our customers' needs** and **ensuring the highest quality**. Our needles are manufactured from **high-quality stainless steel**. We place great emphasis on following all environmental compliances during the manufacturing process as well as with our products themselves.

Meditú Ltd. exports needles to over **40 countries** throughout the world.

Our quality is ensured by fulfilling the requirements of the standards of ISO 9001:2000 and we circulate our products with CE conformity marking.
