Our Collaboration with Universum

We, at NEPI Rockcastle have been working with Universum since 2015. While at the beginning our collaboration started with some isolated partnership for venues, we quickly began to diversify our work together.

Event management is an area where NEPI Rockcastle always looks for top providers, either for inhouse events or partners for retail and office initiatives that can take on the difficult task of planning, coordinating and executing high exposure events. Universum has been for us a huge revelation, as quickly their infrastructure was used at the beginning for internal events like workshops, trainings and team buildings and later on for highly demanding events for our real estate assets.

Particularly team buildings have been a huge success story for us with Universum as the company helped us plan and execute our first cross-border conference involving 400 people and 8 countries. Surprising for us was the fact that Universum not only showed a vast experience in managing these events, but they also added a lot of value by getting involved in the planning stage, guiding our management group on an area still somewhat unexplored.

NEPI ROCKCASTLE

Inspiring and motivational workshops have always been a challenge for NEPI Rockcastle. Having an organisation built on strong leaders demands only the most energetic and relevant sessions, and also charismatic speakers. Cristian Hossu and his team was this and much more as he has managed to mix relevant content with an enjoyable experience. This is why we reached Cristian and Universum already 3 times in the past year to deliver some of the more complicated workshops we needed. Speaking for NEPI Rockcastle, I, Sebastian Mahu recommend both Cristian and UNIVERSUM as top performers and benchmarks for their industry and their craft.

For us Universum is now more than a service provider, they are a partner and a differentiator in our constant fight to deliver results to our stakeholders.

Prin prezenta scrisoare, dorim sa confirmam faptul ca in ultimii cinci ani am derulat impreuna cu Universum diverse activitati de activare pentru angajati (teambuilding, activitati tematice etc.) inclusiv petreceri tematice de Craciun, care au devenit traditie sa fie organizate impreuna cu echipa Universum.

Am avut parte de cele mai interesante si frumoase petreceri de Craciun, cu implicare totala din partea partenerilor Universum, care ne-au ajutat sa alegem tematica diferita in fiecare an, tinand cont de profilul companiei noastre, medie de varsta, numar de angajati samd. De asemenea, ne-au oferit si consultanta privind locatiile si toate detaliile la care poate nu ne-am fi gandit.

Our Collaboration with Universum,

We, at Cameron Romania have been working with Universum since 2016. Our collaboration started with a team building for Cameron Finance Hub and with the time we began to diversify our work together.

The team building is the most important event for Cameron Finance Hub, and Universum is raising the standards every year. This event is about getting together, having the best day with the funniest activities and ending with a great party. The size of the team grew each year, in 2016 the team building was organized for 100 and last year we were more than 400. Universum managed with a great success to organize us and build a different story each year, to surprise us with unique activities.

CAMERON | SLB

A partnership that has stood the test of time — since 2016 and continuing strong today. Our most recent event was a delightful team building last month at Lagoa Snagov.

Last year they organized our Christmas Party, that was one of the best parties. Starting with the location arrangements, theme party, music and the best MC, that made the entire team to dance all night.

Considering the size of the team, they know how to deal with all kind of unpredictable situations, and they are prepared to deal with them in a short time.

For us Universum is the best partner in delivering unique events with great results for our stakeholders.
