

## PROTECTIVE GLOVES

KEVLAR®

- Colors: ..... ■
- Sizes: ..... 11
- Packing: ..... 12/60[para]
- Package: ..... 72x35x22 cm/21 kg

Welding gloves.

- honey color split cowhide
- glove length: 35 cm
- sewn with slow-burning and stable to heat Kevlar threads
- full hand pad - handling part of the glove is made of one piece of leather and that is why it has better endurance and resistance to frays
- fully made of leather, including the cuff, which reaches the half of the forearm and that is why it fully protects the wrist against injuries or drenching
- internal lining - high quality insert
- ideal for works where the sparking occurs
- resistant to contact heat of up to 100°C
- meet requirements of the EN388 (resistances levels: 4 1 4 4 X), EN407 (resistance levels: 4 1 3 X 4 X), EN12477 A TYPE and EN420 standards
