TO WHOM IT MAY CONCERN

I am pleased to write this letter of reference for AXA Management Consulting on behalf of PARTNERSHIPS FOR EVERY CHILD, a leading Moldovan NGO acting in the field of children rights protection.

Since 2005, the consultants of AXA Management Consulting have delivered an important number of training, consultancy, evaluation and facilitation assignments and activities for our beneficiaries and personnel.

From January to September 2015, AXA Management Consulting experts facilitated 11 (eleven) strategic planning workshops for District Social Assistance Directorates which represented our main target group within the framework of the "Children in Moldova are cared for in safe and secure families" and "Protecting children in Moldova from family separation, violence, abuse, neglect & exploitation" Projects.

During the implementation of the above mentioned assignment, the representatives of AXA Management Consulting demonstrated a strong practical knowledge and proved an advanced level of professionalism and competence. Particularly, I would like to mention their strong capacity to deliver facilitation for groups of people with diverse background. Additionally, the assignment was carried out in a very efficient way, in total compliance with the expectation and contract requirements. All these make me highly recommend AXA Management Consulting as a professional and reliable partner and development services provider.

Sincerely,

Daniela MĂMĂLIĞĂ
